

Student Information

East Tennessee Supplementary School is only once a week. In the meaningful time spent here, please note the following:

- 1 Do not forget to return textbooks, books or learning tools to the library.
- 2 When greeting or talking to teachers and friends use the correct Japanese language/honorifics with them. Stay quiet so that you are able to hear the speaker better.
- 3 Shouting, running or playing ball in the school is prohibited.
- 4 Open and close the classroom door quietly and treat the desks and chairs well. Leave the toilet clean after using it. The classroom's personal computers, projector and other presentation equipment should be left untouched.
- 5 Things that do not comply with learning (game consoles, toys, candy, gum, cell phones, etc.) should not be brought into the classroom.
- 6 During class, listen carefully to one's teacher and friend. Always raise a hand to let your teacher know you have a question.
- 7 Pick up any trash before leaving the classrooms and make sure desks and chairs are in order; try to avoid leaving your belongings behind.
Return home with any garbage from your lunch.
- 8 While arriving and departing, please respect the parking regulations.
- 9 Materials were distributed to the school, always show thanks towards the donors.
- 10 If feeling sick, talk to your teacher or someone on safety duty.
